Head teacher: Mrs Rachel Worsfold

15th December 2021

Dear Families,

In January we will be starting to invite selected children to take part in a variety of different learning activities either within the school day or before or after school. As a school we have received funding from the DfE to help catch up lost learning due to Covid lockdowns. As well as quality first teaching and intervention within the school day we have also planned to deliver the following:

- Small group tuition within the school day
- Small group tuition after school
- Morning maths and reading in the computer room before school

If your child has been selected to be part of any of the above activities, you will receive an invitation in the new year. Tuition will be targeted to ensure that the children's learning needs are addressed and their progress is accelerated. In order for these groups to have the maximum impact on learning, it is vital that children attend regularly.

Yours Sincerely,

A handwritten signature in black ink that reads 'RWorsfold'.

Mrs Worsfold
